

**PLATFORM  
PROTECTION FOR  
AIRBORNE SYSTEMS**

# CUSTOMIZED SOLUTIONS FOR YOUR PROTECTION

Composites Solutions is one of the most technical advanced manufacturers of protection equipment in the world. The company was founded in 2010 and offers with its team more than 25 years of experience in the ballistic sector. We are experts in the technical development, sales and marketing. We invest all our experience to always develop the best product for our customers.

**WE ARE THE 'PRO' IN PROTECTION**  
**PLATFORM PROTECTION | LAND | AIR | SEA**

# PLATFORM PROTECTION FOR AIRBORNE SYSTEMS

We have designed multiple lightweight armoring solutions for Utility and Cargo helicopters in recent years. We are constantly redefining our helicopter armor kits to ensure we provide our customers the lightest possible design for the given threat level. Our lightweight armor kits combined with required aero-grade attachment systems outperform today's requirements in regard to weight, space savings and protection.

# PLATFORM PROTECTION

FOR AIRBORNE SYSTEMS

## HELICOPTER ARMORING

Composites Solutions cooperates closely with its customers to ensure that the design, development, manufacturing and integration of the armor kits fulfil all requirements.

We design, manufacture and integrate platform protection systems for air.

- Pilot Seat Protection
- Floor Protection
- Side Protection
- Helicopter Hangars
- Hatches
- Silos
